2. The following is an examiner's statement of reasons for allowance:

- Regarding claim 1: As pointed out by applicant's amendment (see amendment to the claims section page 4) and applicant's argument (see remarks section pages 11-12), the cited references fail to disclose or render obvious the claimed combination including the first rotation mechanism and the second rotation mechanism rotate with a 90° phase difference from each other.

- Regarding claim 11: the cited references fail to disclose or render obvious the claimed combination including the compliance mechanism being secure the second housing on the casing, mount the first housing movable with respect to an axial direction of the drive shaft, and adjust a position of the co-operating parts by operating a high pressure fluid on a back surface of the movable first housing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
